OFFICIAL AAMTC MODELING MUSIC The official AAMTC runway/modeling music is used at all AAMTC events. The music is precisely timed to give equal presentation time to each competitor. The forty musical selections, professionally recorded with a full studio orchestra have an electronic warning 10-seconds before the end of the music. There is an additional 5-second harp sweep for the participant to complete the modeling presentation. A modeling demonstration will be held prior to the competition to ensure that each contestant understands the procedure, however, AAMTC modeling is "free style" and the participant may use any modeling pattern so long as the presentation is completed by the end of the final harp sweep.
